To the Shareholders of RAFAKO Spółka Akcyjna w restrukturyzacji

Introduction

We have reviewed the accompanying interim condensed consolidated financial statements of the Group whose parent is RAFAKO Spółka Akcyjna w restrukturyzacji (the “Parent”) with its registered office at ul. Łąkowa 33, Racibórz, Poland, comprising the interim condensed consolidated statement of financial position as at June 30th 2020, interim condensed consolidated statement of comprehensive income, interim condensed consolidated statement of changes in equity and interim condensed consolidated statement of cash flows for the period from January 1st 2020 to June 30th 2020, as well as certain explanatory information (notes).

The preparation and presentation of the accompanying interim condensed consolidated financial statements in compliance with International Accounting Standard 34 *Interim Financial Reporting*, as promulgated by the European Commission in the form of relevant regulations, was the responsibility of the parent’s Management Board.

Our responsibility was to express a conclusion on the accompanying interim condensed consolidated financial statements based on our review.

Scope of review

We conducted our review in accordance with Polish Financial Auditing Standard 2410 compliant with International Standard on Review Engagements 2410 *Review of Interim Financial Information Performed by the Independent Auditor of the Entity*, adopted by the National Council of Statutory Auditors by Resolution No. 3436/52e/2019 of April 8th 2019. A review of interim financial statements consists in making inquiries, primarily of persons responsible for the entity’s financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit performed in accordance with the Polish Financial Auditing Standards compliant with the International Standards on Auditing, adopted by the National Council of Statutory Auditors by Resolution No. 3430/52a/2019 of March 21st 2019, and thus does not provide us with assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Reasons for disclaimer of conclusion

In Note 2 to the interim condensed consolidated financial statements as at June 30th 2020, the Parent's Management Board disclosed circumstances affecting the assumption of the Group companies continuing as going concerns. We believe that in order to assess the Group's ability to continue as a going concern it is essential that:

1. The parent's business restructuring process is completed and an arrangement is agreed with the parent's creditors within four months from the date when a notice of opening the procedure to approve the arrangement is published in *Monitor Sądowy i Gospodarczy*, that is by January 7th 2021;
2. The contract to construct a 910 MW supercritical power generation unit at the Jaworzno III Power Plant - Power Plant II is completed and funding for the project is secured, as described in Note 10.1.1;
3. Running contracts continue to be performed with stable margins, and additional revenue sources covering the Parent's claims are secured through negotiation;
4. Day-to-day operations are financed from external sources in the form of bank loans and bank guarantees, and funds are released in the form of guarantee facilities enabling the Parent to build a sound order book.

Considering the steps taken in connection with the ongoing restructuring proceedings, negotiations held with investors and subcontractors, a new business strategy being developed for the Parent and the Group companies providing for a deep business restructuring, and the steps taken and planned to raise funding for E003B7 Sp. z o.o., which is the subsidiary responsible for performing the contract to build the 910 MW power generation unit, the Parent's Management Board resolved to prepare the interim condensed consolidated financial statements on the assumption that the Group would continue as a going concern in the foreseeable future, covering at least 12 consecutive months after the reporting date. The interim condensed consolidated financial statements were prepared on the assumption that the Group would continue as a going concern, and they fail to mention the effects of applying different policies for the measurement and presentation of assets and liabilities, which may have been necessary if the full-year condensed consolidated interim financial statements had not been prepared on the going concern assumption.

In our opinion, during the review we did not obtain sufficient evidence in support of the assumptions adopted by the Parent's Management Board in the cash flow budget provided to us. Therefore, we were not able to assess the appropriateness of the Management Board's use of the going concern assumption in preparing the interim condensed consolidated financial statements. If the interim condensed consolidated financial statements were not prepared on a going concern basis, the disclosure and measurement of individual items of assets, liabilities and profit or loss could have been different, and we are not able to assess the effect of a change in the disclosure and measurement policies on the interim condensed consolidated financial statements.

In the interim condensed consolidated financial statements as at June 30th 2020, the Group disclosed receivables under the contract for the construction of a 910 MW supercritical power generation unit at the Jaworzno III Power Plant - Power Plant II, performed by the Parent and E003B7 Sp. z o.o., for a total amount of PLN 31.9m. A part of these receivables were estimated on the assumption that additional revenue of PLN 69.5m would be obtained from the project owner. The amount of the additional revenue was determined through negotiations with the project owner. As at the date of issue of the interim condensed consolidated financial statements, the arrangements between the parties were not written down in a formal agreement. Therefore, we are unable to verify the amount of the additional revenue recognised under the contract.

In Notes 5.2. and 11.3 to the interim condensed consolidated financial statements as at June 30th 2020 the Parent's Management Board disclosed its estimates pertaining to the results of an impairment test of the Group's non-current assets, providing the basis for keeping the amounts of non-current assets recognised in the statement of financial position unchanged. The test was performed on the basis of budgets that factored in

the effects of restructuring measures. As the implementation of these budgets is subject to significant uncertainties, we are unable to verify that the conclusions of the impairment test are correct.

As at June 30th 2020, the Parent's Management Board recognised deferred tax assets of PLN 28.1m in the statement of financial position. Whether these assets can be realised depends on the ability to generate taxable profits in subsequent years. The realisability of the assets was analysed based on budgets that factored in the effects of restructuring measures. As the implementation of these budgets is subject to significant uncertainties, we are unable to verify that the amount of the deferred tax assets is correct.

As at June 30th 2020, the Parent's Management Board recognised liabilities of PLN 1,183m in the interim condensed consolidated statement of financial position. As at the date of this report, the process of updating the list of the Parent's creditors, including disputed claims, carried out in connection with the ongoing restructuring proceedings was not completed. Therefore, we are unable to verify that the amount of the Parent's liabilities disclosed in the interim condensed consolidated financial statements is full.

Disclaimer of conclusion

Given the significant limitation on scope, as described in the *Reasons for disclaimer of conclusion*, we are unable, based on our review, to express a conclusion whether anything has come to our attention that would cause us to believe that the accompanying interim condensed consolidated financial statements have not been prepared, in all material respects, in accordance with International Accounting Standard 34 *Interim Financial Reporting* issued in the form of the European Commission's regulations.
