Details of the insurance agreement listed under item 1.

All-risk property insurance of RAFAKO S.A.'s current and non-current assets

RAFAKO S.A. has an all-risk insurance policy for its current and non-current assets, including insurance against damage resulting from business interruption. The property insurance is an all-risk insurance, which means that RAFAKO S.A.'s assets are insured against any risks, except for those expressly excluded in the policy (e.g. damage arising in connection with acts of war or gross negligence).

The insurance cover is as follows (even in case of gross negligence):

- Acts of third-party insurers, including insurance of electrical machinery against electrical damage: property, plant and equipment – actual property insurance (theft, damage, destruction, equipment) against damage – PLN 500,000 thousand; current assets – PLN 100,000 thousand; electrical machinery – PLN 500 thousand.
- Insurance against loss of profits due to damage caused by all-risk property insurance: loss of profits – PLN 100,000 thousand.
- All-risk electronic equipment insurance: stationary/electronic equipment – PLN 20,000 thousand; mobile electronic equipment – PLN 4,338 thousand.
- All-risk insurance of plant and equipment: plant and equipment – PLN 80,340 thousand.

All the insurance policies are renewable.

Details of the insurance agreement listed under item 5.

General construction and assembly all-risk insurance

The insurance provides cover for construction and assembly risks, property in the vicinity of construction sites, as well as construction site equipment and facilities (including construction machinery). The insurance provides to contract beneficiaries during the term of the insurance agreement for which RAFAKO S.A. assumed the responsibility to provide contract insurance. The insurance agreement covers all contracts, except for those expressly excluded (e.g. due to the nature or scope of the contract).

Details of the insurance agreement listed under item 6.

General property insurance in domestic and international transport

The insurance provides cover for all risks, except for those excluded during the insurance risk which under the contract cover. This includes the option of RAFAKO or which are transported at the risk of RAFAKO and the contract does not specify the party responsible for insurance. Under the agreement, the insurer's liability for damage during transport is limited to the value of a single shipment, as specified in the agreement.

In addition, RAFAKO S.A.'s vehicles are covered by third-party liability, all-risk and assistance insurance on a continuous basis.
